

National Society Children of the American Colonists

Membership Application Instructions

1. Write to the Registrar General for application and instructions.
2. The same requirements for ancestor's service apply to the Children of the American Colonists as are required by the Daughters of the American Colonists and the Sons of the American Colonists.
3. All application papers must include a copy of the birth certificate of the child and suitable proof for each generation thereafter. If a line is used from DAC or SAC, a copy of the lineage paper is required, as well as the National number of that member indicated on the child's application paper. If a copy of a DAC or SAC paper is sent as documentation, it is not necessary to send copies of individual proofs. The application paper must still be completed to the ancestor, with all proofs listed for each generation.
4. One set of application papers will be acceptable. A photocopy will be returned to the State. The original will be bound for permanent National records.
5. Make sure the application papers have the name and address of the parents of the child. (Many times a grandparent or other relative completes the papers.) The name and address of the parents are necessary for future use as an address to reach the child.
6. Papers must be endorsed by two members of DAC or SAC, or one such and one CAC member.
7. Send your application with your proof to the Registrar General who will check them for acceptability. Your check must accompany the papers and the proof. Proofs will not be returned or filed. **DO NOT SEND ORIGINALS.**
8. The Application fee is \$40.00. This is a one time fee for National Life Membership and includes postage and processing. There are no annual dues at the National level and the member will retain NSCAC membership until age 22.
9. Make your check payable to the: **Treasurer General, NSCAC**. The Registrar General forwards application fees to the Treasurer General.
10. Send application with all proof and the application fee to:
